

Broken Appointment Policy

At **KONDAS Dental Group** we schedule your appointment so that the time is reserved for you. We do not double book our patients; therefore, we reserve the right to charge **\$25.00 per half hour for canceled or broken appointments without the required notice of cancellation.** This fee will be charged to compensate for the amount of time the doctor has spent in planning your treatment and the large amount of time allotted for your appointment.

If your appointment must be rescheduled or canceled, we require that you notify us within two (2) / seven (7) / fourteen (14) business days. Please notice that each case is different and that the required amount of time may vary.
